

LIM™

HAWORTH®

LIM is designed to be a multi-purpose, multi-task LED lighting family. It's simple elemental structure can be reconfigured and applied to address multiple lighting requirements offering light in motion within various applications.

Designed by Pablo Pardo, Pablo Designs and Ralph Reddig of Haworth Design Studio

C Under Worksurface Mount, Under Shelf Mount and L Freestanding Pivot

LIM

Y Under Worksurface Mount in black

Elegant

Pared down to the essentials, LIM offers an intuitive simple form that, once placed within the work environment, enables design continuity and freedom.

Versatile

The extensive LIM family uses magnets and other simple attachment methods to offer the user simple adjustment with few parts. While minimal in approach it meets a variety of applications and occupant lighting needs due to its versatility and intuitive features.

Sustainable

LIMs minimal design uses materials which have 29% recycled content and combined with a universal LED strip, offers supreme sustainable advantages. The LED lights are 85% more efficient than incandescent lights and have a lifespan of up to 50,000 hours. In addition, the aluminum arm light and several attachment options offer a range of 95% - 98% recyclability.

Other Notables:

- Available in these styles: L Freestanding Block, L Freestanding Pivot, Slat Mount, Panel Mount, Under Shelf Mount, C or Y Under Worksurface Mount, L Freestanding Floor and Y Freestanding Floor
- LIM is available in three colors: White and Black Powder Coat and Brushed Aluminum
